The Great English Remedy. Thorn's Compound Extract of Copaiba and Sarsaparilla,

Copaiba and Sarsaparilla,

Possesses advantages not enjoyed by any other medicine for the cure of sexual diseases, which must with an enlightened public render it assuredly highly popular, and a desideratum long sought for in the medical world. It needs no confinement or change of diet. In its approved form, that of paste, it is entirely tasteless, and causes no unpleasant sensation to the patient. It has acquired the utmost fame in almost every part of Europe; it has been examined, approved of, and sanctioned by the faculty of medicine, and recommended by the most eminent of the profession. Prepared by J. W. THORN, Chemist, London, and for sale, wholesale and retail, by John A. Tarkant & Co., Agents for the United States, 278 Greenwich street, New York.

As the above valuable preparation has been extensively counterfeited by unprincipled parties in the United States, the proprietor has adopted, as a precaution against imposition on consumers, a Label, of which the following is a fac simile, and which will be found burnt in upon the bottom of each pot of the genuine intended for sale in the United States, Canadas, British y inc ew, West Indies and South America. vinces, West Indies and South America.

Having submitted it, with an explanation of its components, to a number of Physicians of Philadelphia, among whom were the late Drs. Joseph Hartshorne and J. C. The "Elixir" is very gradual, but certain in its action upon the organs of digestion, the increased se-cretions of the liver, pancreas and mucus membrane of the stomach, and requires that only one dose be taken in twenty four hours; for confirmed Dyspepsy, can only be cured by gradually restoring the organs of diges-tion to a healthy state. MR. J. F. Cowan:—Dear sir —I hereby certify that in the summer of the year 1853, a servant of mine, a boy about 19 years of age, who had always before this time been stout and of a vigorous constitution, was attacked with gravel. A Physician was called who attended on him for several months, during which time he grew worse daily, until he was helpless, and I believe would have died in a few days had it not been for a friend, who advised the use of Cowan's Lithontriptic. I procured a few bottles, the first of which gave him resief, and in a short time he was able to walk about, and finally fully recovered; since which time he has had no symptoms of said disease, and to all appearance is as healthy as any servant on my plantation. I therefore recommend it to all persons suffering under a like disease, as one of the most certain remedies known.
